

## Biography of Dr. Kozo Fujii

### Education:

Ph.D. Engineering, Department of Aeronautics, University of Tokyo, 1980

### Current Affiliation:

Professor, Department of Space Transportation, Institute of Space and Astronautical Science (ISAS), Japan Aerospace Exploration Agency (JAXA).

Deputy Director General of the ISAS/JAXA

Professor, Dept. of Aeronautics and Astronautics, School of Engineering, University of Tokyo

### Experience:

NRC Research Associate at NASA Ames Research Center, 1981-1983

(Senior) Research Scientist, National Aerospace Laboratory, Japan, 1984-1988

Senior NRC Research Associate at NASA Ames Research Center, (1986-1987)

Associate Professor, ISAS, 1988-1997

Professor, ISAS., 1997-2003

Professor, ISAS/JAXA, 2003-current

### Fields of Interest:

High-speed aerodynamics, High angle-of-attack Aerodynamics, Vortical Flows, Flow Visualization, Flow Control, mainly with Computational Fluid Dynamics (CFD)
